

FROM HEN EGGS TO PASTEURIZED LIQUID EGGS

CONSISTENT QUALITY

ALL PRODUCTS HAVE SAME COLOR,
TASTE, VOLUME & TEXTURE

COST OPTIMIZATION

NO EGG WASTE, LOW STORAGE
SPACE, LOW LABOR & WASTE COST

FOOD SAFETY

LATEST TECHNOLOGY THAT ENSURES
A CLEAN AND SAFE PRODUCT

HEALTHY FOOD, SUSTAINABLE LIVING.

OUR VISION CAPTURES THE ESSENCE OF CREATING A SUSTAINABLE LIVING BY PRODUCING SAFE, HEALTHY, CONVENIENT AND PLEASURABLE FOOD.

OUR STORY

It all started with an idea and a vision of two Egyptian investment firms for contributing to a sustainable and healthy life through producing safe food ingredients. Both of our firms, THARAWAT INVESTMENTS and SKY INVESTMENTS had a dream to contribute to a healthier life in Egypt and across the globe..

Joining forces and competencies, we found an opportunity in creating a natural and healthy food ingredient as a different format for shell eggs. We partnered with SANVO TECHNOLOGY GROUP, the leading company in egg handling and processing equipment worldwide, to design, engineer, deliver and commission a fully automated state of the art egg processing facility.

In 2019, we established OVO Egypt with a production capacity of 20 thousand tons per year. We utilized the latest technology in processing shell eggs into pasteurized chilled, frozen or ambient products for industrial applications and exports.

QUALITY & FOOD SAFETY

LATEST TECHNOLOGY

Fully automated egg processing facility with the latest technology from SANVO TECHNOLOGY GROUP to ensure a clean product, high yield and fine quality.

SMART INFRASTRUCTURE

The factory is designed and equipped to minimize the risk of product contamination with a logical flow of materials and personnel.

AUTOMATED PASTEURIZATION

A fully Integrated SCADA supervision system for pasteurization that constantly monitors the process value to create a solid preventive control system and quality assurance.

ACCREDITED LABORATORY

Accredited state of the art laboratory to conduct analytical chemistry and food nutrition analysis as well as food microbiology, food allergies, and sensory testing.

FULLY AUTOMATED EGG PROCESSING FACILITY

EGG LOADING

Robust and precise egg loading machine with minimal manual handling.

EGG DEPALLETIZING

An automated de-palletizing system removes the manual loading to transfers the eggs to a separate room for breaking to ensure highest level of preventive controls.

EGG BREAKING AND SEPARATION

The albumen and yolk slide gently down into the separation cup, ensuring that the fragile yolk remains intact. This gives a high quality and clean product.

PASTEURIZATION

A real innovative pasteurization system that offers extended shelf life and unmatched food safety, while maintaining the eggs' functional properties.

COOLING TANKS

The world's most advanced tanks for pasteurized eggs specialized in PH adjustment, blending, standardization, storage and cooling.

PACKING MACHINE

Our finished products are automatically packed with the finest eco-friendly materials.

WHOLE EGG

This truly crucial ingredient that unites so many cooking processes for your recipe comes in different forms and packages to accommodate your needs. OVO Egypt's whole egg products give your preparation a perfect texture and color; they have a natural flavor, easy to use and store with consistent quality. Suitable for manufacturing, hotels, catering companies, restaurants, bakers and cafes.

FROZEN WHOLE EGG

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 5kg up to 15kg buckets
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: Freeze at -18°C max
Shelf life: 1 year

SALTED FROZEN WHOLE EGG

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 5kg up to 15kg buckets
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: Freeze at -18°C max
Shelf life: 1 year

AMBIENT SALTED WHOLE EGG

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
1000kg collapsible tanks
Storage: up to 20°C away from direct sunlight
Shelf life: Up to 9 months

CHILLED LIQUID WHOLE EGG

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: From 2°C to +4°C max
Shelf life: 12 days

CHILLED SALTED LIQUID WHOLE EGG

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: From 2°C to +4°C max
Shelf life: Up to 9 months

EGG YOLK

Whether you are preparing your mayonnaise sauce, pasta, breads, pastry, or ice cream, we got you sorted with our liquid egg yolk products. A natural product that adds richness to everything you produce. Just leave the hassle and mess of cracking eggs and separating yolk from white behind, we offer you a quick and convenient product solution.

FROZEN EGG YOLK

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 5kg up to 15kg buckets
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: Freeze at -18°C max
Shelf life: 1 year

SALTED FROZEN EGG YOLK

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: Freeze at -18°C max
Shelf life: 1 year

CHILLED LIQUID EGG YOLK

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: From 2°C to +4°C max
Shelf life: 12 days

CHILLED SALTED LIQUID EGG YOLK

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: From 2°C to +4°C max
Shelf life: 1 year

SUGARED FROZEN EGG YOLK

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: Freeze at -18°C max
Shelf life: 1 year

CHILLED SUGARED LIQUID EGG YOLK

Packaging:
2kg, 5kg, 10kg, 20kg bag-in-box
From 300ml up to 1000ml bottles
1000kg collapsible tanks
Storage: From 2°C to +4°C max
Shelf life: 12 days

AMBIENT SALTED LIQUID EGG YOLK

Packaging:
2kg, 5kg, 10kg, 20kg, bag-in-box
1000kg collapsible tanks
Storage: up to 20°C away from direct sunlight
Shelf life: 1 year

We guarantee freshness, consistency in taste and food safety of our products with the use of advanced manufacturing technologies and processing standards. Our pasteurized egg products come in premium packages with reliable quality assurance, food safety and free from salmonella or any other bacteria. Our fresh shell eggs are collected from certified poultry farms and delivered to our factory in hygienic conditions. Under a controlled environment, eggs go through breaking and separation process, to be pasteurized, then packed to be delivered to you.

EGG WHITES

Beyond taste, we offer a complete and tailored sensory experience, a real egg whites product with a recognizable texture. Our egg whites are high in protein without carbohydrates or sugar that easily blend with other ingredients or served as white omelets.

Perfectly suited for food manufacturers, hotels and restaurants, our egg whites create the perfect volume and shine for your bakery mixes, white cakes recipe or frozen desserts. OVO Egypt's egg whites are also the ideal ingredient to create a crispy batter for meat processing and seafood producers.

FROZEN LIQUID EGG WHITES

Shelf life: 12 days

PACKING

BAG-IN-BOX

- Perfectly suited to meet HACCP standards for the food industry and mass catering.
- Generates saving by reducing storage and transportation costs, thus optimizing the supply chain.

BOTTLES & BUCKETS

- HDPE Food-grade safe.
- Perfectly stackable.
- Optimally drainable with wide necks that makes it easy to pour.
- High environmental stress-cracking resistance.

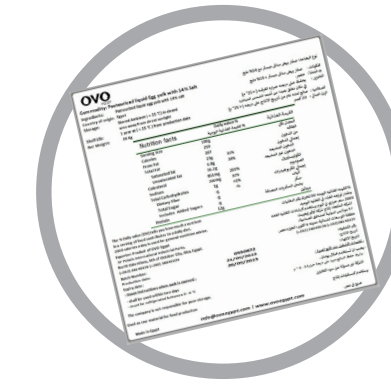

EXPORTS PALLETS & PACKING

- Food grade plastic pallets.
- Firm carton boxes with labels.
- Refrigerated container.
- Data Logger.

COLLAPSIBLE TANKS

- Forged bottom with anti-stagnation drain pan.
- Hatch with quick closing.
- Modular cage made of hot galvanized carbon steel.

FOOD LABELING

All our product labeling includes.

- General product information.
- Manufacturer information & country of origin.
- Nutritional value.
- Storage and usage instructions.
- Production & expiry dates & batch numbers.
- Tailored to every country's food authority.

CALL US FOR MORE INFORMATION

We appreciate your requests and we will always allocate our experienced relationship manager to provide you with the technical support you need.

REQUEST A PRODUCT FOR A SAMPLE TRIAL

We will send you a sample for trial wherever you are. Upon confirmation of technical specification samples will be freshly produced and shipped to your facility.

EXPERIENCE THE TASTE

Sample trial gives you insight into how your product functions with ours, allows you to experience real situations that your product will face, and ensures that our product meets your specific requirements and standards for quality assurance.
